

State Employee Campaigns Season in Full Swing- We Need Your Help

State Employee giving campaigns are in full swing with the Children's AIDS Fund International participating in 17 campaigns throughout the U.S. This year CAFI will participate in six new state campaigns: **Washington, Rhode Island, Pennsylvania, Ohio, New York, and Michigan.** These along with eleven other state campaigns that CAFI has previously participated in make a real difference in our ability to fulfill our mission. Last year we received nearly \$3,000 from the Maryland State Employees and Retirees campaign—Thank you Maryland State Employees!

We try to attend as many state campaign kick-off events as possible, but with the campaigns spread out across the US it can be difficult, so it is important for us to get your assistance in helping spread the word about CAFI's participation in these campaigns. Campaigns usually begin in early fall and run until Dec 1st, in some states until Dec 31st. CAFI participates in the following state campaigns: Arizona, California, Connecticut, Florida, Georgia, Illinois, Maryland, Massachusetts, Michigan, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, Virginia, Washington and Wisconsin.

Your assistance is vital in helping to spread the word about CAFI's participation in your campaign.

If you know anyone who works in your state government or state university or state run hospital, let them know about the

important work CAFI is doing to help limit the suffering of children and families affected by HIV. Tell them about our website and the information it contains, or better yet forward them one of our emails highlighting our work. Please [contact us](#) to learn more.
