

State Employee Charity Giving Campaigns Begins

September heralds the beginning of the 2014 State Employee giving campaigns. The Children's AIDS Fund International (CAFI) is participating in 17 campaigns throughout the U.S. These state campaigns are an important fund raising source for CAFI. The Maryland State Employees and Retirees once again lead the way with over \$2,100 pledged last year. Thank you Maryland!

We try to attend as many state campaign kick-off events as possible. With the campaigns spread out across the nation this can be difficult, so it is important for us to get your assistance in helping spread the word about CAFI's participation in these campaigns. Campaigns usually begin in early fall and run until December 1 and some states until December 31. CAFI participates in the following state campaigns: Arizona, California, Connecticut, Florida, Georgia, Illinois, Maryland, Massachusetts, Michigan, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, Virginia, Washington and Wisconsin.

It is important for us to get your assistance in helping spread the word about CAFI's participation in these campaigns.

If you know anyone who works in your state government, state university or state run hospital, let them know about the important work CAFI is doing to help limit the suffering of

children and families affected by HIV. Tell them about our website and the information it contains, or better yet, forward them one of our emails highlighting our work. Thanks for your help.
