

CAFI at Health and Human Service 2014 Combined Federal Campaign Charity Fair in Washington D.C.

The Children's AIDS Fund International (CAFI) was one of three charities invited to participate in the Department of Health and Human Services 2014 Combined Federal Campaign Charity Fair. It was held on Oct 29 at the Hubert Humphrey Building in Washington D.C. This year's

theme was "Make it Possible".

In 2013, federal employees donated over \$51 million dollars to participating CFC charities.

This was the first time CAFI has been invited to attend the HHS Charity Fair. The CFC of the National Capital Area (CFCNCA) is the local campaign for federal employees in the Washington Metropolitan Area. It is one of the most important charity campaigns for CAFI, with the nation's capital so close to CAFI offices, and is the largest local campaign contributor to CAFI. The CFC is the largest and most successful workplace fundraising campaign in the world.

In 2013 alone, federal employees, including military personnel, donated more than \$51 million dollars to participating CFC charities. CAFI has participated in the CFC for more than 16 years, raising thousands of dollars for HIV impacted children and their families.

If you know someone who works in the federal government or is in the military, please let them know about the important work CAFI is doing to help limit the suffering of children and families affected by HIV. Ask them to visit our website and read about our ongoing programs which benefit thousands of children and families, or better yet, forward them an email highlighting our work.

Thanks very much for your help.
